11. We note the risk factor on page 8 regarding the fact you may have difficulty establishing adequate management and financial controls in China. In order to enhance our understanding of how you prepare your financial statements, we ask that you provide us with information that will help us answer the following questions.

How do you maintain your books and records and prepare your financial statements?

What is the background of the people involved in your financial reporting?

We would like to understand more about the background of the people who are primarily responsible for preparing and supervising the preparation of your financial statements and evaluating the effectiveness of your internal control over financial reporting and their knowledge of U.S. GAAP and SEC rules and regulations. Do not identify people by name, but for each person, please tell us:

If you retain individuals who are not your employees and are not employed by an accounting firm or other similar organization to prepare your financial statements or evaluate your internal control over financial reporting, do not provide us with their names, but please tell us:
